

qrsevlo, Inc Announces Make an Offer Pricing for all Services and 35% Profit Giving

Policy will let any client to set prices for any qrsevlo, Inc. goods or services, so any budget can be enough — while 35% of all profits are given back to the community.

Robinson, Illinois, 2007 February 1 — qrsevlo, Inc. announced today that they will be adopting a “make an offer” pricing and 35% profit giving policy throughout the company for all goods and services they provide. This new policy will allow clients to set whatever price they want for anything the company provides through any of its divisions.

By adopting this policy, qrsevlo, Inc. will provide online advertising, online dating (personal ads), website design, custom software development, and job postings at a make an offer pricing. For all online-only services, clients are provided a set price and have the option to make their offer right then. Any offers are accepted or listed as “approval pending” with access to the service immediately regardless of the status. Software and website development offers are subject to a case-by-case review, since the actual price is based on the requirements of the client. All other classified-based items are free as always.

qrsevlo, Inc. does reserve the right to deny offers made.

“Our make an offer pricing, as well as giving back profits to the communities, are meant to help out the people that support us. We believe that anyone should be able to afford a service for their business on any budget,” commented Joshua Rodgers, president of qrsevlo, Inc. “On the same side, we believe that a company shouldn’t just take from a community, but give back; so we give back 35% of our profits to the community where funds were generated”
